## Company Profile Since 1981

Since 1981, we have started to produce the pillows, as one of the earliest manufacture of pillows, we have been focusing on the design and manufacture of pillows over 30 years, we are also producing the mattress and quilts. Now we are the **leading manufacturer and suppliers of pillows at South China**, and we have been keeping long term business cooperation with China Top famous brands of home textile companies. Besides, we exported pillows and mattress to Hongkong, Taiwan, Malaysia, Indonesia etc.

Sanray people always take the pride of their profession, suitable quality and new products innovation. In order to keep the stable quality, we use the machines to do processing of the plants, rubber latex liking drying, rolling; we also use the electric scale for the padding raw materials so that we can promise the padding weight variation balance will be  $\pm 5\%$ ; in order to get the good result of the padding and the raw materials not to be moving, we still use handmade to padding the P.P cotton, bamboo fiber, nature silk etc. But the white goose down and beans fiber, we use the machine for padding.

As the earliest herb pillow maker, we have rich experience in process of herb drying meanwhile all the material are come from the place where were appointed by us.
